Terms of Use

The terms of use for this study can be found at:
<http://www.icpsr.umich.edu/icpsrweb/ICPSR/studies/37166/terms>

Information about Copyrighted Content

Some instruments administered for studies archived with ICPSR may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

**NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS**

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR PROCESSING NOTES FOR #37166

Generations: A Study of the Life and Health of LGB People in a Changing Society, United States, 2016-2019

DS 7: Generations Waves 1 and 2 Merged Public-Use Data

- 1. Confidentiality/Disclosure Risk:** In order to protect respondent anonymity and prevent disclosure risk, ICPSR masked responses to the variables **GZIPCODE**, **GMSANAME**, **W1Q64_T_VERB**, **W2Q58_T_VERB**, **W2Q60_T_VERB**, **W2Q147_T_VERB**, and **GZIPSTATE** in the public versions of the data. Confidential information has been replaced with the text "MASKED BY ICPSR."
- 2. Truncated Variable Labels:** Due to the limits of the statistical packages, the variable labels for **W1Q01**, **W1Q88**, and **W1Q175** have been truncated. Please see the documentation for complete variable labels.
- 3. Variable Name Discrepancy:** The variable **W1Q103** appears as **w1q013** in the Wave 1 documentation.
- 4. Truncated Value Labels:** Due to the limits of the statistical packages, some value labels for variables **W1Q74_1**, **W1Q118**, **W1Q179**, **W1Q180**, and **W2Q104** are truncated in the data files. Please see the documentation for the complete value labels.
- 5. Additional Information:** For additional information on Generations: A Study of the Life and Health of LGB People in a Changing Society, United States, 2016-2019, please visit the [Generations study](#) website.

**Generations: A Study of the Life and Health of LGB People in a
Changing Society, United States, 2016-2019**

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, arithmetic mean, median, mode, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

W1Q01: (W1Q01) Please imagine a ladder with steps numbered from zero at the bottom to ten at the top. The top of the ladder represents the best possible life for you and the bottom of the ladder represents the worst possible life for you. On which step of the ladder would you say you personally feel you stand at this time?

The following are some questions about your overall life. Please imagine a ladder with steps numbered from zero at the bottom to ten at the top. The top of the ladder represents the best possible life for you and the bottom of the ladder represents the worst possible life for you. On which step of the ladder would you say you personally feel you stand at this time?

W2Q01: (W2Q01) (Current personal well-being) On which step of the ladder would you say you personally feel you stand at this time?

The following are some questions about your overall life. Please imagine a ladder with steps numbered from zero at the bottom to ten at the top. The top of the ladder represents the best possible life for you and the bottom of the ladder represents the worst possible life for you. On which step of the ladder would you say you personally feel you stand at this time?
